No flag but the Old Flag—the Red, White and Blue,
With the stars of a Union unbroken and true
Arise and defend it! ye sons of the brave,
Wi ose blood bought the banner your valor must save

Unemployed General Officers.

There are twenty Major-Generals and over fifty Brigadiers now without commands. Several of them have full staffs also, so that the aggregate expense or monthly pay of these officers amounts to more than thirty thousand dollars—a very large item for a useless purpose. Doubtless, in time of war, it must happen that many officers will not be on active duty, and while we think it desirable that the roll of idlers should be reduced as much as possible, it seems hardly fair to blame indiscriminately all who are not in service. Most of them are very anxious to be employed. Several have repeatedly begged the President to send them to the field, even if they were obliged to occupy a subordinate position, we are sorry that their request has not been granted, for certainly we are not so overstocked with military genius, that we can afford to dispense with the talents and experience of many of our most accomplished superior officers. The staff matter also, provokes much criticism, as it seems strange that an officer not on duty should require several assistants to assist him in doing nothing. It may not be according to military regulations for a Major General to be idle without a retinue, as other people are; but it seems hard to have to pay for that as a sort of constructive warfare. As the Government does not disturb existing arrangements we suppose it is all right, and taking the following letter written by Gen Fremont, justifying his own course, we may be compelled even if with reluctance, to admit that it is a system which must be tolerated.

NEW YORK, January, 1864

General—The columns of the newspaper reports of the House proceedings in relation to unemployed officers place me in a position which I am not willing to occupy without explanation. I need hardly say to you that it is a mystery to me that I have been unemployed for the past eighteen months. I requested to be relieved from my command in the Army of Virginia because I regarded the order which relieved me to serve under Gen Pope as a most unmerited insult.

It was in the discretion of the President to refuse or grant my request. The granting of the request simply implied a transfer to other duty, and was not to be taken as being attached. That neither the Department of War or the Secretary of War so regarded my conduct was sufficient to mention in the repeated assurance from both that they would endeavor to give me a command so soon as it could be done, and the fact that about the close of the last session of Congress a specially important command was expressly arranged for me by the Secretary of War. The unanimity of and my designation to it by the approbation of the President, but was a joint, not another officer.

Under the circumstances of waiting orders I have reasonably been desirous to return against the contingency of offering my services upon a small number of useful men upon whose tried ability I could rely in the emergency. Of this number several have been experienced for many years in their profession. From the beginning of the war they have been in the field, and left comfortable homes and successful business to engage in the service, particularly which led them to enter the army naturally inspired them to wish to continue in it.

It has not been pleasant for them to eat the bread of idleness at the very time they were occasionally felt it almost a duty to resign. Friends have respected my request from motives of delicacy in not urging me into active service. As respects the pay received as it is by absolute necessary for the support of themselves and families. I have not thought that a severe tax on the state bearing in mind the fact that they have shed their blood or exposed their health at the same time have rendered the most valuable service, and have been always ready to do it again.

As regards my pay I think it right to say, since that question has been raised, that since the close of the last session of Congress I have considered it as fair to be applied where it might alleviate distresses resulting from the war and has been used accordingly. I have regularly drawn it, because I considered it something belonging with my commission, and I do not wish to be by any neglect to acquiesce in my position of forced retirement from army duties. But it has merely passed through my hands back to the people from whom I received it and the use of it I think I have right to make.

Respectfully your obedient servant,
J C FREMONT,
Major General, U S Army

To Major General Robert F Schenck, Chairman Military Committee.

The Emancipation Proclamation

We take pleasure in calling attention to an admirable lithograph of the Proclamation, made by F S Butler, a boy 14 years old, copies of which are for sale at Butler's hat store, in Front street, at $2 00 each. That proclamation is *the* grand and momentous act of the present Administration. When Ben Butler said contraband, northern men whispered with white lips,—"Is not that unconstitutional?" as if the Constitution would protect the vulture which was eating out its very vitals. When Fremont, more daring, put the slaves of rebels into Federal trenches at work, and told their masters that they need not feel any more anxiety about their chattels, he was recalled, and there was silence along the lines again, for slavery was such a sacred monster, that it must be protected, even though it stung its guardian to death, so it was with General Phelps. But popular sentiment was working, and filling the people with anxiety and courage, and at last, the President stretching his long legs rose to his full height of perfect manhood, and scattered his grand and matchless Proclamation of Emancipation. Then was struck the blow, for which God and mankind had anxiously waited—the blow, which accomplished more in a military aspect only, than would the capture of Charleston, Richmond and all the Rebel Cabinet! It took from secession its main prop; it impoverished its defenders more utterly, than all the raids which could be made, and just in proportion as it weakened and distressed the enemy, it strengthened the Government and the loyal cause. That proclamation was the signal bell of triumph. It ought to be in every loyal household, and it cannot be distributed in any shape more attractive than in that which it is offered by Mr Butler.

FROM THE MINING COUNTRY.—Wells, Fargo & Co furnish us with copies of the *Boise News* of the 5th and 12th inst., from which we condense the following items:

The Snake Indians about Salmon Falls are becoming troublesome and in danger. The express stock together with that of the ferryman, were all driven off a short time since.

The establishment of a military post somewhere on the Owyhee is a necessity that cannot long be evaded. The establishment of a post at the point indicated would be the means of bringing the Indians to terms.

They have been favored with a three days snow storm in the Boise Basin. At Bannock the snow was ten inches in depth. It is reported by men who have just returned from the North Boise country that the snow is ten feet deep on the divide between the head waters of Moore's creek and the North Fork of Boise. A heavy coat of snow is said to cover the high mountains and the miner, the merchant mechanic and printer are encouraged with the prospect of an abundant yield of the precious metal. It is estimated that more than a million dollars fell in the Basin during the late storm in the shape of pure and sparkling water. The snow on the head of Grimes creek is three feet deep, well packed, and of course there is great amount of water in it. It is thought that the water in all the low ditches will last until August, and that the opportunity to make money this year will be quite as good as last.

Summit City is the name given to a new town recently laid out east of the summit of the mountains at the head of Moore's creek, on Lamear's creek 20 miles in an eastern direction from Bannock. A mining district has been laid out and called Lamear's district.

Ox teams arrive in the basin daily, and report that the trip over the mountains is made without difficulty.

An attempt to assassinate an old man named Simpson, living on Moore's creek was made on the night of the 11th inst. He was shot through the breast, the ball lodging in his back.

The large building between Montgomery and State streets on Commercial now receiving the roof of timbers, is the Methodist Church. The Auditory is 36x86 feet square, by 16 feet high. It will, when completed, seat between four and five hundred people. We understand that it is designed that it shall be dedicated about the 10th of next month. The public are mainly indebted to the efforts of Rev Mr Kingsley for the enterprise.

The Walla Walla *Statesman* of the 19th, contains the following:

A party of miners are at work on Snake river a few miles above the mouth of the Palouse, and about forty miles distant from this city—making from five to eight dollars per day. They state that prospects for the same wages can be obtained upon a number of bars between there and Lewiston.

Mr Day will leave this city next week with a pack train of fifteen or twenty animals loaded with miner's merchandise, for the Kootenai mines. This is the first pack train of the season for that country.

Mr Eades, from the Kootenai, called upon us this week. He gives his opinion that the mines so far as prospected, will pay an average of an ounce per day.

Capt G B. Curry, of the Oregon Cavalry will be sent out in command of the expedition to the plains this summer.

Arrangements have been made to celebrate the arrival of the first through stage from Boise to this city, by a torchlight procession, firemen's parade, etc., etc. The stage is expected in to day and the flare up' will probably take place this evening.

The contract for carrying the Salt Lake Mail has been let to Ben Holliday, contractor for the overland California line, at $1 6 000 per year. A pretty round sum, it strikes us, for the service. The contract goes into operation on the 1st of July. The mail is to be carried bi monthly, connecting with the California daily line at Salt Lake, which place it leaves and comes via Idaho city and Auburn to this city.

The *Golden Age* says that the Kootenai mines are good and from all appearances extensive. The Indians and half breeds who have wintered there have been very successful even during the winter months, making from an ounce to an ounce and a half per day to the hand with the rude kind of rockers. The gold is course and what is called the pumpkin seed go I much like the Beaver Head dust and is worth $17 per ounce. The snow in the Kootenai has been much lighter than usual the past winter. No snow now between Lewiston and the crossing of the Kootenai river. Goods of all kinds are scarce at the Kootenai Fort.

The snow is nearly all gone on the heights of Craig's mountain also, on the west side of the Snake, up as far as Grand Ronde river, and back as far as the Blue Mountains.

The new stage line has commenced operations between Lewiston and Walla Walla under the superintendence of Hill Beachy, of the Union House.

ANOTHER VERSION WHY RICHMOND WAS NOT TAKEN BY GEN. BUTLER.—It happened that, while the expedition was in its early stage of preparation, a drunken reprobate named Boyle, who belonged to a company at Williamsburg, became mutinous, and, with drawn pistol, resisted an arrest. His captain, with view a of soothing him, advanced before the guard, and appealing to Boyle, kindly asked him to trust to his known good will and deliver up the pistol; But the brutal fellow warned him back, and seeing him still approach lowered the weapon on the breast and deliberately shot him dead. The miscreant was at once secured, in due time, he was convicted by a court martial to be hung and General Butler, in his character of revising officer, approved the verdict, and fixed the day of expiation. Pending the judgment, however, and its execution, some influences which are not yet ascertained, were brought to bear on President Lincoln and the murderer was granted a reprieve. On the night of the movement from Williamsburg against the rebel capital, the Irish sentinel who had Boyle in charge gave him his liberty and he fled with all the speed of fear toward the rebel lines. Immediately on reaching the Confederate pickets he asked to be taken before the superior authorities. To secure confidence in his sincerity he acquainted his listeners with his crime and sentence, and in addition to the details in regard to the massing of our troops, informed them that he had been imprisoned where he could overlook our magazine, and that for several days previous to his escape, we had been accumulating at Williamsburg vast quantities of ammunition. There could be no misinterpretation of this latter circumstance by practiced soldiers, and the combined news of the advance of General Meade and the interruption of the telegraph from the Chickahominy flashed the whole danger at once upon their minds. The alarm bells of the city were rung, the Home Guard gathered, the veterans dispatched to Lee were ordered back; and the result was, that when Wistar's cavalry presented themselves at Bottom's Bridge, expecting a clear field and a rapid ride to Richmond, they found themselves confronted on the opposite bank of the Chickahominy with two batteries and a force nearly equal to their own. We could have given battle, and perhaps have forced the river, but the success of the main object depended on surprise, and that was lost. A slight skirmish followed during the evolutions for retreat, and the expedition returned to expose General Butler temporarily to the unjust sneer from the lips of the disloyal of another military failure. He left behind him, however, a wholesome trembling in the hearts of the Confederates, and if he did nothing more, he has at least effected a permanent reduction of Lee's army of several thousand men, which must now be retained for the protection of their Capital.

Democratic Demonstration at La Grande

LA GRANDE BAKER CO., OR.,
February 27th, 1864.

EDITOR OREGONIAN:

Correspondence for the sake of matter, is, I suppose welcome at all times, and as we have just witnessed a Grand Democratic Union Demonstration (???) here, an account of the proceedings may not be uninteresting to your numerous patrons and readers.

To begin, and not to particularize, I will simply state that according to previous arrangement and pursuant to notice, the anti Union Democrats met at the school house last night, and after some preliminary steps, started out in full procession by torch-light numbering about forty eight of whom nine were men (?) and the remaining thirty nine were boys. They carried different illuminated transparencies such as 'No free negroes,' 'No Last no West no North and no South,' 'Union,' 'No greenbacks,' 'No flag with sixteen stars.' 'True Democracy is Union,' 'McClellan.' A game cock painted on one bearing the words 'Come out and be game,' 'Free speech and free press.' A portrait of a sable gentleman bearing the words 'Chicago Platform.' Two American flags, one of which was minus several stripes and stars, with some device relative to the missing stars; two drums, one of extraordinary capacity and dimensions and passing along Lower and Upper streets as their line of promenade, they occasionally stopped to cheer their several favorites, amongst whom were most prominent the names of "Villain bang'ham" and "Jeff Davis." Before separating for the evening a purse of $15 00 was made up as a part of an appreciative remuneration for the talent displayed by two or three children singing a rank secession song relative to the battle of Lexington not only commending them for their vocal ability, but for the sentiment regarding our present National difficulties.

At the school house, these precious Democrats (???) nominated ten delegates to attend a county convention to be held at Auburn in April next. Speeches were made denouncing in harshest terms all and every act of the present Administration. One gentleman (?) stated "that our present government, under the reign of Abraham Lincoln the First, was one of the most despotic order, that had ever graced the annals of history." This is the second meeting of the Democrats?! At the first, held about one week ago, not having the necessary numbers to carry out their project, they adjourned to meet again, at the same time extending their invitation to all who were willing to 'measure swords with the opposition (Republican) party."

The feeling of the major part of this community is one of indignation at the behavior of some of our leading citizens who were prominent leaders of this great display. I may safely say that although the open demonstration has been made, it is no key to the feelings of this community, whom for the most part are perfectly sound on the "Union."

I am, sir, yours most respectfully,
JNO H HARWOOD

What Ought to be Done

LAND OFFICE, OREGON CITY,
March 23d, 1864.

EDITOR OREGONIAN:

Please publish for the information of the people of this land district, the following statement.

The fees have been paid, and application made, for at least one thousand donation certificates, not yet issued. To issue these will occupy the time of the office during the remainder of our term. Others ought not to apply until they are notified to do so—better keep their money until the work is brought up. The work has progressed as indicated by the following statement:

Donation Certificates issued by Surv. Gen	223
Certificates issued by Register and Receiver for the 6 years and 7 months, previous to our coming into office,	844
Certificates issued in 2 years and 8 months by ourselves,	870
In all,	1937

Yet to be issued by this office four thousand, which will cost say $10 each, in the way of fees. Total cost, $40,000. These fees in connection with other fees allowed by law, are the measure of Register and Receiver's pay, up to $2,000 per year. They can take no more. If they issue to that amount yearly, it will require eight years to close up the work. This statement is a sufficient answer to the charge made by Copperheads, that we will make $100 000 out of the donation fees.

WILLIAM T MATLOCK, *Receiver*

KIT CARSON AMONG THE NAVAJOS.—The Santa Fe *Gazette* of January 30th has the following in reference to some late operations of this famous mountaineer:

We are enabled to announce, upon good authority, that the campaign which Col Kit Carson made to the famous and heretofore impenetrable Canyon de Chelle, in the Navajo country has been crowned with the most complete success. The result of the campaign has been that twenty three Navajos were killed, one hundred and fifty were taken prisoners, and the nest in the canyon completely broken up. Thus, all things considered, is a most extraordinary exploit, and will have a most excellent effect in bringing the Indians to terms. Colonel Carson has done what none other has ever done when the Navajos were hostile. He has unveiled the great Navajo mystery and marched his command, through the stronghold which the savages thought would never be trod by the white man's foot. When about to start upon the expedition he said he would succeed or not come back alive. He succeeded. The country will enjoy the good fruits of his success. The Navajos will sorely feel the blow he has inflicted upon them by his success and in the loss of their strong est position.

The canyon which was the scene of these recent exploits is about twenty three miles long, from 1,000 to 1,500 yards wide, has high and almost perpendicular sides throughout its entire distance, and is one of the strongest military positions for resistance that is known in all this section of the country. We hope, now that it has been looked upon and fought upon by our people, some of the actors in the scene will take the trouble to write out a faithful description of it and have it published for the information of the public and the gratification of the great curiosity that has for many years existed in the minds of many in regard to the canyon.

HOGS FOR GRAND RONDE.—Nine boxes of live hogs were among the *Senator's* cargo last evening. They are owned by F Shoemaker of Marion County, and being an extra breed, he takes this precaution in shipping them. They are for Grand Ronde valley.

GOVERNMENT WAGONS.—The bark *Samuel Merritt* brought up ten large wagons, made after the pattern of Uncle Sam's army vehicles. They are for an expedition on the plains the coming season.

NO DISPATCHES.—The wire being down at some point south of Oakland we are unable to furnish our readers with the latest Eastern news.

THE METHODIST SABBATH SCHOOL FESTIVAL.—This evening the Sabbath School of the Methodist Episcopal Church will give an entertainment which is eminently worthy of universal patronage. The exercises will consist of singing in part by a choir of one or two hundred children, of recitations, dialogues and appropriate addresses. The purpose is the collection of a fund for the purchase of a library, and to effect this an admission fee of fifty cents will be charged. We hope that a large attendance upon the proposed exercises will be general for aside from the interest which all will feel in the performances, and the worthy object in view, it ought to be remembered that our friends of the Methodist Church are never unwilling to lend a generous and helping hand to every good cause which asks for public sympathy. Let the liberal souls who devise liberal things and do liberal deeds meet a liberal response from a liberal community.

STEAMER MARIA SUNK.—The steamer *Maria* has at last paid the penalty of her banishment from usefulness, by sinking at her wharf in this city yesterday afternoon. The steamer was forfeited to the United States for irregularities in the observance of the revenue laws about a year ago. She was registered in San Francisco in 1858 as an American vessel, and she was taken to Victoria and was there transferred to subjects of Her Britannic Majesty. In August, 1861, returned to the waters and entered [illegible] freight at the wharf. She was [illegible] in the foot of Main street, [illegible] number of [illegible] and [illegible] to the [illegible] Her freight is [illegible] Wells, Fargo & Co's [illegible] cut is of the [illegible] Her [illegible] to the mine [illegible] run with the [illegible]

MEETING OF TRUSTEES.—The Trustees of the Portland Academy and Female Seminary, met on Tuesday evening to hear report, etc. The year under the supervision of Prof O S Frambes and wife closes next week. The report [illegible] shows a school to be in a very flourishing condition and it will be continued under the present arrangement, another year.

THE NEW STEAMER.—The *Sierra Nevada* will be due this evening, and if she has been favored on the trip may reasonably be expected to-night. She commenced loading with freight on Friday, and a rush was pouring in the direction of her landing, all eager to be ahead.

HEAVY TREASURE EXPRESS.—Messenger Barke, of Wells, Fargo & Co's Express, came down the Columbia yesterday with a very heavy treasure express, amounting to about three hundred pounds of gold. The connection was through to Boise.

GOT FLEECED.—A man applied at the Sheriff's office yesterday for assistance to recover about $480, which he said he had been fleeced out of at gambling in some one of the saloons. We did not learn of any arrests growing out of it.

FURNITURE SALE POSTPONED.—The sale of Mr J W J Pierson's furniture was postponed until to day at 10 o'clock, at Richardson's Auction Rooms.

Let the liberal souls who devise liberal things and do liberal deeds, have a liberal response from a liberal community.

STEAMER MARIA SUNK.—The steamer *Maria* has at last paid the penalty of her banishment from usefulness, by sinking at her wharf in this city, yesterday afternoon. This boat was forfeited to the United States, for irregularity in the observance of the revenue laws about a year ago. She was registered in San Francisco in 1858 as an American vessel; in 1860 she was taken to Victoria, and it is alleged that there was transferred to subjects of Her Britannic Majesty. In August, 1862, she returned to American waters, and entered the port of Astoria, on the old certificate given at the time of transfer, not making known the fact of transfer, as required by law, for which she was tried, on the 6th of April last, in this city, and forfeited, passing into the hands of the U. S. Marshal, who has held her ever since. She will be raised, in order that her machinery may be secured from utter ruin with the boat.

LOSS OF CHINAMEN.—A great number of Chinamen on the last steamer, and notwithstanding they stood "as thick as sheep" in the hold of the vessel, as she went out of port last evening, the recent arrival has largely increased the proportion of Johns in this city, and the streets are lined with them. They are no doubt attracted this way partly from the success of their class on the Fraser and Columbia, in mining last season, and partly because there is less opposition to them in this part of the country, than in California and Washoe. Most people regret to look on the consequences attending the immigration of Chinamen, but we have people in California's experience, to know that it can result in no good to the country.

LOSS OF THE STEAMER.—The steamer *Jonathan*, S. I DeWolf Commander, left this port last evening at 6 o'clock, bound to San Francisco, carrying about [illegible] and $89,400 in treasure; shipped by Wells, Fargo & Co., $15,000; Ladd & Tilton, $3,000; O. S. N. Co., $3,840; Elfelt, $1,450. Her freight list shows 1,000 of apples, 200 sacks of onions, 82 sacks of bacon, 77 packages of [illegible] barrels of flour, 100 head of sheep, [illegible] cows, from Portland.

CONVICT.—Sheriff Hedrick of Yamhill county, arrived with another convict, yesterday. The prisoner's name is Walton, also known as *pot-hook*. It is said he [illegible] distinction from an attempt to [illegible] same piece on a horse. He lost the [illegible] house, he says: "they wrung in a [illegible] on him. He is sentenced for three years in the penitentiary for seduction, and [illegible] won't derive much satisfaction from "hiring" during that term.

MR. L. STEPHENS.—It seems that another has come over our "accommodating" owners in San Francisco, and that they do not intend to give us the *John Stephens* since she is overhauled and refitted, that she will run to Guaymas and other Mexican ports. It is all very well, she may do good service there, but the novelty won't last always, any more than [illegible] will.

A NEW FERRY.—Wm. H. Frush has received a license to run a ferry at the foot of [illegible] in this city. At present his facilities are limited to one row boat, with capacity for carrying four teams. The prospects of a spirited opposition will grow out of the arrangement, and the old ferry line will be compelled to "come down" with the charges, or its equivalent.

BOARD OF TRUSTEES.—The Board of Trustees of the Portland Academy and Female Seminary, met on Tuesday evening to hear reports, etc. The year under the supervision of Prof. O. S. Frambes and wife, closes next month. The report presented by Mr. F. shows the school to be in a very flourishing condition, and it will be continued under the present management another year.

THE NEXT STEAMER.—The *Sierra Nevada* will be due this evening, and if she has been on the trip, may reasonably be expected to-night. She commenced loading with freight on Friday, and a rush was pouring in at the freight-doors of her landing, all eager to be aboard.

HEAVY TREASURE EXPRESS. — Messenger Burke, of Wells, Fargo & Co.'s Express, came down the Columbia yesterday with a very heavy treasure express, amounting to about three hundred pounds of gold. The connection was through to Boise.

ROBBERY FELLED.—A man applied at the Sheriff's office yesterday for assistance to recover about $480, which he said he had been fleeced out of at gambling, in some one of the saloons. We did not learn of any arrests growing out of it.

INSURANCE SALE POSTPONED.—The sale of Mr. J. W. J. Pierson's furniture was postponed until to-day at 10 o'clock, at Richardson's Auction Rooms.

PASSENGERS AND FREIGHT.—The O. S. N. Company's steamers *Wilson G. Hunt*, *Express* and *Julia* were all pressed into service yesterday, to carry the freight, stock and passengers destined for the upper country. The *Hunt* carried 240 passengers.

THE steamer *Vancouver* was fully loaded on her homeward trip yesterday. The freight was mostly for the Quartermaster's Department at the Fort.

GROVER & BAKER'S SEWING MACHINES.—We have frequently and strongly recommended these useful articles to our subscribers, we have done so because we know and have tested them, both in our homes, and elsewhere. There are two necessary things for housekeepers—one of Grover & Baker's Sewing Machines, and Godey's Lady's Book. It is not housekeeping without them.—*Godey's Lady's Book.*

It is poor policy to sell a bad article for a big price. Most people make the mistake of getting the most they can out of every customer, that enters their store, and as a matter of course never see his face again. Henson, Hastings & Co., the celebrated Clothiers of Montgomery street, San Francisco, adopt a different plan. They want their customers to come again, and to this end sell none but good goods, well made up, and their prices are very reasonable.

DETTER'S HAIR RESTORATIVE
FOR BALD HEADS.
IT IS NOT MY INTENTION TO HUMBUG THE PUBlic. This Restorative has built up a world-wide reputation upon its own merits, as is considered by those who have used it, to be the best article ever invented for the Hair. Read the following certificate:
LEWISTON, Sept. 3d, 1863.
This is to certify that I have used DETTER'S HAIR RESTORATIVE, and I take great pleasure in recommending it to the public as a safe and effectual preparation for the restoration of the Hair. I was nearly bald when I commenced the use of it, and after using two bottles, I find it has produced a fine, healthy growth of hair, and that, too, in less than two months. I can heartily recommend it for its great virtues and efficiency. S. D. RAMSDELL,
Witness: F. H. SIMMONS.
Persons who stand in need of a Hair Restorative will do well to give it a fair trial. For sale by

THE METHODIST SABBATH SCHOOL FESTIVAL This evening the Sabbath School of the Methodist Episcopal Church will give an entertainment which is eminently worthy of universal patronage. The exercises will consist of singing, in part by a choir of nearly one hundred children, of recitations, dialogues and appropriate addresses. The purpose is the collection of a fund for the purchase of a library, and to effect this, an admission fee of fifty cents will be charged. We hope that a large audience upon the proposed exercises will be in general for aside from the interest which we will feel in the performances, and the worthy object in view, it ought to be remembered that our friends of the Methodist Church are never unwilling to lend a generous and helping hand to every good cause which asks public sympathy. Let the liberal souls who love liberal things, and do liberal deeds, meet a liberal response from a liberal community.

STEAMER MARIA SUNK.—The steamer *Maria* at last paid the penalty of her banish ment from usefulness, by sinking to her hurricane deck, yesterday afternoon. This boat was forfeited to the United States, for irregularities in the observance of the revenue laws about a year ago. She was registered in San Francisco, in 1858 as an American vessel, in 1860 she was taken to Victoria, and while legally there was transferred to subjects of Her Britanic Majesty. In August, 1862, she returned to American waters, and entered the port of Astoria, on the old certificate given at San Francisco, not making known the fraud she was guilty of, on the 6th of April last, she did, and forfeited, passing into the hands of the U. S. Marshal, who has held her ever since. She will be raised, in order that her machinery may be secured from utter ruin with the boat.

ARRIVAL OF CHINAMEN.—A great number of Celestials were on the last steamer, and notwithstanding they stood "as thick as sheep" in the passage of the vessel, as she went out on her last evening, the recent arrival has greatly increased the proportion of Johns in the city, and the streets are lined with them. They are no doubt attracted thus way mainly from the success of their class on the banks of the Columbia, in mining last season, and partly because there is less opposition to them, in this part of the country, than in California and Washoe. Most people retain hard feelings on the consequences attending the first immigration of Chinamen, but we are inclined to think, in California's experience, there is no reason why that should result in no good to the country.

ARRIVAL OF THE STEAMER.—The steamship *Brother Jonathan*, S. I. DeWolf Commander, left this port last evening at 6 o'clock, for Victoria and San Francisco, carrying about 20 passengers and $41,400 in treasure, shipped as follows: By Wells, Fargo & Co., Allen & Lewis, $15,000; Ladd & Tilton, $6,000; O S N Co., $3,849; Elfelt, Tobias, $5,000. Her freight list shows 600 boxes of apples, 300 sacks of onions, 200 sacks of flour, 82 sacks of bacon, 11 sacks of potatoes, 16 cases of bacon, 77 packages of sundries, 100 sacks of flour, 100 head of sheep, and 100 cows from Portland.

THE CONVICT.—Sheriff Hedrick of Lane county arrived with another convict, Walton, the prisoner's name is Walton, for two murders. It is said he attempted to escape from an attempt to hang him, but we have not learned the particulars. He will be lodged in the jail of this county to await the action of the U. S. Marshal, who has held the writ for sale by Wells, Fargo & Co's Express, for safe keeping.

SAN FRANCISCO.—We learn by the steamer that the Sheriff of San Francisco has come to the conclusion that the "accommodation" owners in San Francisco, and that they do not intend to give up the *John Stephens*, since she is overhauled and ready for sea, and that she will run to Guaymas and other Mexican ports. It is all very well, she will but he do good service there; but the Sheriff won't last always; any more than the steamer will.

A NEW FERRY.—Wm H. Frush has received a license to run a ferry at the foot of Stark st., in this city. At present his facilities are limited to one row boat, with capacity for carrying four teams. The prospects are that a spirited opposition will grow out of the new arrangement, and the old ferry line will be compelled to "come down" with the former charge, or its equivalent.

BOARD OF TRUSTEES.—The Board of Trustees of the Portland Academy and Female Seminary, met on Tuesday evening to hear reports, etc. The year under the supervision of Prof O S Frambes and wife, closes next week. The report presented by Mr. Pierson shows the school to be in a very flourishing condition, and it will be continued under the present arrangement, another year.

THE NEXT STEAMER.—The *Sierra Nevada* will be due this evening, and if she has been detained on the trip, why reasonably be expected to-night. She commenced loading with freight on Friday, and a rush was pouring in the direction of her landing, all eager to be aboard.

HEAVY TREASURE EXPRESS.—Messenger Burke of Wells, Fargo & Co's Express, came down the Columbia yesterday with a very heavy treasure express, amounting to about three hundred pounds of gold. The connection was through to Boise.

HAVE FLEECED.—A man applied at the Sheriff's office yesterday for assistance to recover about $400, which he said he had been fleeced out of in gambling, in some one of the saloons. We did not learn of any arrests growing out of it.

FURNITURE SALE POSTPONED.—The sale of Mr. J W J. Pierson's furniture was postponed until to day at 10 o'clock, at Richardson's Auction Rooms.

PASSENGERS AND FREIGHT.—The O S N Company's steamers *Wilson G. Hunt Express* and *Julia* were all pressed into service yesterday, to carry the freight stock and passengers destined for the upper country. The *Hunt* carried 240 passengers.

The steamer *Vancouver* was fully loaded on her homeward trip yesterday. The freight was mostly for the Quartermaster's Department at the Dalles.

GROVER & BAKER'S SEWING MACHINES.—We have frequently and strongly recommended these useful articles to our subscribers, we have done so because we know and have tested them, both in our homes, and elsewhere. There are two necessary things for housekeepers—one of Grover & Baker's Sewing Machines, and Godey's Lady's Book. It is not housekeeping without them.—*Godey's Lady's Book.*

It is poor policy to sell a Bad article for a big price. Most people make the mistake of getting the most they can out of every customer that enters their store, and as a matter of course never see his face again. Houston Hastings & Co., the celebrated Clothiers, of Montgomery street, San Francisco adopt a different plan. They want their customers to come again, and to this end sell none but good goods, well made up, and their prices are very reasonable.

This is to certify that I have used BETTER'S HAIR RESTORATIVE, and I take great pleasure in recommending it to the public as a safe and effectual preparation for the restoration of the Hair. The End of the Play.

The play is done; the curtain drops,
Slow falling to the prompter's bell;
A moment yet the actor stops,
And looks around to say farewell!
It is an irksome work and task,
And, when he's laughed and said his say,
He shows, as he removes his mask,
A face that's anything but gay.

Who knows the inscrutable design?
Blessed be He who took and gave!
Why should your mother, Charles, not mine,
Be weeping at her darling's grave?
We bow to Heaven that willed it so,
That darkly rules the fate of all,
That sends the respite or the blow,
That's free to give or to recall.

So each shall mourn, in life's advance,
Dear hopes, dear friends, untimely killed;
Shall grieve for many a forfeit chance,
And longing passion unfulfilled.
Amen! whatever fate be sent,
Pray God the heart may kindly glow,
Although the head with cares be bent,
And whitened with the winter snow.

Come wealth or want, come good or ill,
Let young and old accept their part,
And bow before the awful Will,
And bear it with an honest heart.
Who misses, or who wins the prize?
Go, lose or conquer as you can;
But if you fall, or if you rise,
Be each, pray God, a gentleman.

—*W. M. Thackeray.*

An Affecting Picture.

The following is the most beautiful and affecting incident I know, associated with a shipwreck. The *Grosvernor East Indiaman*, homeward bound, goes ashore on the coast of Caffraria. It is resolved that the officers, passengers, and crew, in number one hundred and thirty-five souls, shall endeavor to penetrate on foot, across trackless deserts, infested by wild beasts and cruel savages, to the Dutch settlements at the Cape of Good Hope. With this forlorn object before them, they finally separated into two parties—never more to meet on earth.

There is a solitary child among the passengers—a little child of seven years old who has no relation there; and when the first party is moving away, he cries after some member of it who has been kind to him. The crying of a child might be supposed to be a little thing to men in such great extremity; but it touches them, and he is immediately taken into that detachment.

From which time forth, this child is sublimely made a sacred charge. He is pushed on a little raft, across broad rivers, by the swimming sailors; they carry him by turns through deep and long grass (he patiently walking at all other times;) they share with him such putrid fish as they find to eat, they lie down and wait for him when the rough carpenter, who becomes his especial friend, lags behind. Beset by lions and tigers, by savages, by thirst, by hunger, by death in a crowd of ghastly shapes, they never, O, Father of all mankind, thy name be blessed for it! forget this child. The captain stops exhausted, and his faithful coxswain goes back and is seen to sit down by his side, and neither of the two shall be any more beheld until the great last day; but as the rest go on for their lives, they take the child with them. The carpenter dies of poisonous berries eaten in starvation; and the steward succeeding to the command of the party, succeeds to the sacred guardianship of the child.

God knows all he does for the poor baby—how he cheerfully carries him in his arms when he himself is weak and ill; how he feeds him when he himself is griped with want; how he folds his ragged jacket round him, lays his little worn face with a woman's tenderness upon his sunburned breast, soothes him in his sufferings, sings to him as he limps along, unmindful of his own parched and bleeding feet. Divided for a few days from the rest; they dig a grave in the sand and bury their good friend and copper—these two companions alone in the wilderness—and then true women when they both are ill and beg their wretched partners in despair, reduced and few in number now, to wait by them one day. They waited by them one day—they waited by them two days. On the morning of the third day, they move very softly about to making their preparations for the resumption of their journey; for the child is sleeping by the fire, and it is agreed with one consent that he shall not be disturbed until the last moment. The moment comes, the fire is dying—the child is dead.

His faithful friend, the steward, lingers but a little while behind him. His grief is great, he staggers on a few days, lies down in the desert and dies. But he shall be reunited in his immortal spirit—who can doubt it!—with the child, where he and the poor carpenter shall be raised up with the words, "Inasmuch as ye have done it unto the least of these, ye have done it unto Me!"

Irving's Humors with Children.

Mr. Charles Agustus Davis gives us the following anecdotes of Irving, illustrating his humors toward children. The first took place at Saratoga.

In one of these rambles, I recollect his attention was arrested by the crying and sobbing of a poor little barefooted and ragged boy, wearing an old cone shaped hat that had lost all its original form. He had just been punished by his elder sister, a thin, slatternly young vixen, who was following him. Mr. Irving, at once reading the whole story, turned aside from our route, and commenced, in a manner friendly and affectionate tone, with

"I know what is the matter with my little boy. It's enough to make anybody cry, to wear a hat that falls down over his eyes so he can't see, and stubbing his little toes. I see the cause of all this trouble."

And, with that, he took off the old hat, and rolling its flabby brim inward, replaced it on the little boy's head.

"There," said he; "that is all right now."

Both the children, confounded by the event, stood for a time silent, and then moved off, chuckling together at his oddity; while Mr. Irving, resuming his walk, seemed not less gratified at his success in turning the sea of grief into one of gladness.

And in this connection, I will venture to relate another simple incident, showing his interest in children. On his return from Saratoga, I accompanied him a portion of his way homeward. We were seated together, and directly in front of us sat an anxious mother with three children—one, an infant, in her arms, and the other two (a boy and girl of some two or three years of age) giving the mother great trouble, and waking the infant by striving to clamber over her to look out at the window. Mr. Irving at once interposed, and lifting each alternately over to his lap, and looking at his watch, said,

"Now, three minutes for each to look out of my window;" and began lifting them over and replacing them, each in turn, accordingly, till they were tired of it, though much gratified.

"Ah, sir," said the relieved mother, "any one can see that you are a kind father of a big family."

This amused him greatly, and amply rewarded him for his interposition. He would not spoil a good joke by refutation or controversy.]

The Springfield *Republican* asks what military order is like a lady crossing the street on a wet day? Dress up in front and close up in the rear.

To make hens lay, wring their necks. They will lay anywhere then.

A Funny Endorsement of Mr. Lincoln by the Kansas Legislature.—It has been circulated all over the country that among others, the Kansas Legislature had nominated Mr. Lincoln for the Presidency. This, however, turns out to be a grave mistake. The Kansas Legislature, which is made up of Republicans in politics, has done no such thing. On the contrary, it has cut him in a very significant manner. This it has done by handing him over to the Copperheads and telling them to take him. The following is the resolution it adopted:

"*Resolved*, That we urge the National Union Convention, which is called to assemble at the city of Chicago on the 4th of July next to present to the country the name of our present Chief Magistrate as a candidate for re-election, in which event the people of Kansas will rally to his support with an enthusiasm that will defy opposition, and with unanimity unparalled in the history of the elective franchise."

Now it must be known that the only nominating Convention which has been called for the 4th of July at Chicago, is that of the National Democracy, claiming to be as much "Union," however, as any other party. To recommend Mr. Lincoln to this Convention by Republicans, is a regular repudiation of him. The Missouri Radicals are chuckling immensely over this proceeding, but they cannot thus interpret the unmistakable favor with which Lincoln's name has been received by Union men of other States.—*Altn Correspondent.*

The Effect of the Proclamation.—A Chattanooga letter says:

For a few days after the withdrawal of the enemy from our front, the number of deserters reaching our lines was very small. But again the tide of deserters sets this way, and they come in in large squads, almost hourly. Yesterday, 166 arrived in one detachment, bringing in some of their horses and guns. They were a portion of a squad of 300 who deserted on Saturday, and after getting through the pickets of the enemy, broke up into squads, the better to avoid pursuit and capture. Citizens and deserters admit that the President's Amnesty Proclamation is doing more to close the war than all the powder and ball that have been consumed since the South seceded. This is saying much, but I have no doubt it is near the truth. "Were the proclamation permitted to circulate in Johnston's army," said one intelligent officer with whom I conversed, "by spring the General would not have a corporal's guard to fight you."

A Southern camp paper publishes the following tactics of kissing:

Recruit is placed in front of the piece.

"First Motion—Bend the right knee, straighten the left, bring the head on a line with the face of the piece; at the same time, extend the arms and clasp the cheeks of the piece firmly in both hands.

"Second Motion—Bend the body slightly forward, pucker the mouth slightly and apply the lips smartly to the muzzle moldings.

"Third Motion—Break off promptly, in both legs to escape the jarring or injury, should the piece recoil."

This Medicine increases the power of DIGESTION and excites the Absorbents into healthy action, by which the WATERY or CALCEROUS depositions, and all UNNATURAL ENLARGEMENTS are reduced, as well as PAIN and INFLAMMATION, and is good for

MEN, WOMEN OR CHILDREN.

HELMBOLD'S EXTRACT BUCHU

For Weakness arising from Excesses, Habits of Dissipation, Early Indiscretion or Abuse,

Impotency, Fatuity, Epileptic Fits,

IN ONE OF WHICH THE PATIENT MAY EXPECT.

Who can say that they are not frequently followed by those "direful diseases,"

"INSANITY AND CONSUMPTION."

Many are aware of the cause of their suffering, but none will confess

THE RECORDS OF THE INSANE ASYLUMS,

And the melancholy deaths by Consumption bear ample witness to the truth of the assertion that

THE CONSTITUTION,

once affected by Organic Weakness,

Requires the Aid of Medicine,

to strengthen and invigorate the system, which

HELMBOLD'S EXTRACT BUCHU

invariably does.

A Trial will Convince the most Skeptical.

THOUSANDS UPON THOUSANDS

Who have been the victims of Quacks

and who have paid heavy fees to be cured in a short time have found they were deceived, and that the Poison has, by the use of "Powerful Astringents," been driven in the system, to break out in a more aggravated form perhaps after marriage.

INDUCED by the extraordinary cures of Hoofland's German Tonic, many of ignorant Quacks, destitute of character and reputation and talent, have put forth various preparations, which they have operated upon sufficiently to extract from the credulity of the public large sums of money in exchange for worthless compounds, in the shape of Bitters, Tonics, Cordials, &c.

Beware of the immense number of Counterfeits, Imitations and Pretenders that from time to time will be palmed upon the public, under the modest appellation of "Just as good as Hoofland's German Bitters," or "Hoofland's Bitters Improved," or "Hoofland's Bitters No. 2," or only aggravated by the name of the article, which is sufficient to put the reader on his guard against imposition.

Hoofland's German Bitters!

Are not a new and untried remedy, but have stood the test of fifteen years trial, and have established for themselves a reputation and sale unparalleled by any medicine in the world.

The proprietor has in his possession thousands of certificates of the most wonderful cures performed by this invaluable medicine, many of which have come under the observation of the most eminent

CLERGYMEN
LAWYERS
PHYSICIANS
AND CITIZENS,

of the highest standing and responsibility in the country.

Do you Suffer from Loss of Appetite?
Do you have a Bad Taste in the Mouth?
Do you have Sick Headache?
Do you have Dizziness?
Do you have Nausea?
Do you have Pain in the Region of the Kidneys?
Do you have any of the symptoms of Indigestion?

Do not suffer another hour, but procure a bottle of Hoofland's German Bitters and be cured. You will find immediate relief from the use of this valuable medicine. In many cases one bottle is sufficient. Even if you are not confined to your bed, but are around, and only feel gloomy, miserable and unfit for business, a few bottles will restore you to perfect health.

Do you doubt this? Then ask your neighbor if Hoofland's German Bitters are not what they are recommended to be. Ask your druggist if they have ever sold a medicine that has given such universal satisfaction. Ask your physician if he does not frequently prescribe them in his practice in preference to any other medicine.

Do you want a pure stimulant to assist you when you are sinking with disease? Then take Hoofland's German Bitters. Do you want a tonic to give you an appetite, and make food taste sweet? Then take Hoofland's German Bitters. Do you want a medicine to purify your blood, and make the pure crimson flow healthily through your veins? Then take Hoofland's German Bitters. Do you want a remedy that will give you a good, sound, refreshing sleep, and make you feel joyous feeling? Then take Hoofland's German Bitters.
